

WP - BASE - IP

**275 GAL (BOTTLE INSERT)
IBC PAD HEATER**

- 1300W / 120V
- Fits most flat bottom, 275 gal totes and IBC's
- For use w/ bottle inserts

- Heats IBC contents to 45-50°C / 115-125°F
- Max temp achieved in ~ 36-48 hrs

- Durable, waffer thin aluminum construction
- Dimensions - 39.4" x 39.4" x 0.3"

- Ideal for heating a range of viscous materials
- Conforms to ETL / UL / CSA standards

Application

Designed to provide an effective and efficient heating process, WarmPro IBC pad heaters are a class 1 electric heater used to reduce the viscosity of products in a number of industries. From fats, oils and food stuffs to cosmetics and pharmaceuticals to industrial chemicals and fluids, WarmPro heating systems are the ideal solution for virtually any heating need.

Technology

WarmPro IBC pad heaters contain a set of custom designed, carbon graphite heating elements which operate at a lower wattage and consume less energy compared to conventional wire elements. Performance is maximized as the elements generate heat over their entire surface area. WarmPro pad heaters can be used in conjunction with WarmPro IBC heater jackets to reduce overall warming times.

Ordering Info

Order #	Description	Size	Wattage	Configuration	Temperature
WP-BASE-IP	IBC Pad Heater	275 gal / 1000 litres	1300W	Bottle Insert	< 50°C / 125°F

Also Available

Order #	Description	Size	Wattage	Configuration	Temperature
WP-BASE-IH	IBC Base Heater	275 gal / 1000 litres	1300W	Bag Insert	< 50°C / 125°F
